

Dear Hofheimer,

We are making great strides towards Christmas and thus also towards the turn of the year. The year that has now passed was an extraordinary one.

It was a tremendous challenge for us, and due to the Covid19 pandemic, we were confronted with restrictions in our everyday life and lifestyle that we thought were impossible.

However, the year 2020 has also shown that we have an intact democracy, with a well-functioning federalism and moderate politics from the federal government through the state to the municipalities. We can rightly be proud of that.

The usual hectic pre-Christmas season will certainly not affect us as much as in previous years. At the same time, the lockdown will give us more time to pause.

Let us have the chance to rediscover the magic of Advent. Stop, enjoy the slightly different pre-Christmas time and indulge yourselves individually! Of course, you can also enjoy the holidays and the contemplative hours with family and friends.

Right at the beginning of the new year, the local elections on March 14, 2021 cast their big shadows. Here you have the choice of having a say in the politics that affect you directly in your living and living environment, your home, with your cross.

Democracy is joint action by everyone who wants to get involved. The CDU Hofheim will make you an offer in all parts of the city as well as for the city council and propose wonderful people as candidates for election.

We are more than 100 candidates for election to the local councils, city councils and districts. On the following pages you can get a first impression.

With best wishes for the coming Advent season and with a view to the turn of the year, I would like to remind you of Erich Kästner's lines: "Is it getting better? Is it getting worse? one asks every year. Let's be honest: life is always life-threatening! "

A nice Advent season above all: look to the new year 2021 with confidence!

Your
Christian Vogt
