

**Dear Hofheimer, ladies and gentlemen,**

we hope that you all started the new year confident and well.

From February 1, you will have the option of voting by postal vote. You can set a total of 81 crosses for the district council, 45 crosses for the city council and, depending on the size of your local council, between 7 and 11 crosses.

As the CDU, we have smart, well-known people from the district assembly, through the city council to the local advisory council, who are committed and motivated to implement their and your ideas. On the last page, we show you how easy it is to vote by mail and how, as always with local elections, you cumulate and mix it up. Use postal voting now, especially in times of the corona pandemic.

Further to the left on this page you will find initial information about our program. Make yourself a picture. We hope we can convince you with our range of committed candidates and our program. Do you have any more questions? Contact us. We are available to you at any time and not just during the election campaign.

Until March 14th you will still hear a lot from us - on topics and actions despite the difficult conditions of the time given us. The local elections are on March 14th. You can set the course for the next five years either by postal vote or then on election day as voters. You have the opportunity to decide which party and which people should play a key role in shaping the fate of Hofheim, its districts and the Main-Taunus district, in the district council, in the city council and in the local councils.

Hofheim is our lovable home. Located exactly in the middle between Frankfurt and Wiesbaden on one of the busiest motorways in the country, we are in the middle of the pulsating Rhine-Main area. An important location advantage. The CDU Hofheim would like to preserve this beauty, diversity and uniqueness of Hofheim and its districts, expand the economic power and prosperity of all and develop Hofheim for the future.

With the CDU, Hofheim and its districts are making further progress. Help to create clear majorities in the city council and the local councils. That is precisely why we are already asking you to vote by postal vote or on March 14th - Vote CDU!

Because: We have Hofheim in our hearts! Your

Christian Vogt  
Chairman

Andreas Hegeler  
the lead candidate
